

PARKING DIRECTIONS

There are three spaces available for disabled persons at our main entrance. You will see the other client parking spaces on the map (please use the ramp).

Please remember your registration number or take a photo of your licence plate before taking the lift to our reception on the 5th floor. At the reception, please enter your registration number in our system for free parking.

If you cannot find any vacant spaces in front of the building, please use the multi-storey carpark "Havnemøllen" with one hour free parking.
